Magical Mystery Tours: Art @ Mia
by Sylvia A. Johnson

OLLI has many popular courses that always fill and even have long waiting lists, but perhaps none is more popular than the tours at the Minneapolis Institute of Art (Mia). Led by docents who are usually OLLI members, the Mia tours are specially designed for an OLLI audience. Each has a different theme, and each views different artworks in Mia’s permanent collection or in special exhibits. Even people who have visited Mia many times discover something new when taking one of these unique tours.

The Mia tours have a long OLLI history, dating back to the beginning of our organization in 1995. Pat Wuest, a Mia docent and wife of one of OLLI’s founders, Fred Wuest, led the very first tour. Pat thought that “maybe six people” would sign up, but the number was much larger and another tour leader, Connie Nelson, was soon recruited. “For 20-plus years, we designed themes and tours,” Pat says. “What a delightful time in our lives!” Pat and Connie are now retired, but their places have been taken by tour leaders Kay Miller, Emily Shapiro, James Allen, and Linda Krueger. Kay reports that the OLLI tours are highlights of her work as a Mia docent. “OLLI members are smart, curious, well-traveled, and opinionated,” she says. They “dive right into the discussions, ...I’m often wowed by connections they express that hadn’t occurred to me.”

The Mia docents spend long hours developing the OLLI tours that are offered each course term. Emily Shapiro described the process, which usually begins with a brainstorming session. “Typically, we each bring our own ‘bucket list’ containing our random ideas and topics. For about an hour, nothing seems to mesh. Then, seemingly out of nowhere, a core idea will emerge that appeals to us all. This becomes the overarching theme for the course session.”

After choosing a general theme, the group decides on specific topics for each tour. All four leaders use their own ideas to plan the individual tours they will lead and to choose the works of art to be viewed. During the course, the participants are divided into smaller groups and tour leaders trade off so that everyone has the opportunity to hear the different presentations of all the topics.

Planning and leading Mia tours is not an easy job, but tour leaders gain from their experience. Jim Allen says, “Being a tour leader has hugely expanded my knowledge of culture, religion, and history...” Linda Krueger summarizes her experience in two words: “Challenging and rewarding.” Kay Miller comments, “For me there is an emotional, even a spiritual component to our OLLI discussions...I am always touched when OLLI members share personal experiences that arise when they view a piece of art.”

Mia tour leaders contribute many hours of time to their work, and also a great deal of heart and soul. These dedicated volunteers have created a unique learning experience that benefits all OLLI members.

Dear OLLI Llama,  

Q: Can I help spread the word about OLLI?  
A: Yes! OLLI at the University of Minnesota wants to spread the news about the great benefits of learning and social opportunities offered to OLLI members, and how OLLI can help older adults enjoy meaningful retirement years.  

Most OLLI members were first introduced to OLLI by a thoughtful friend or colleague, a participating OLLI member. And as we have all heard, Baby Boomers represent a bulge in the senior population growth. According to the MN State Demographic Center, “...the number of Minnesotans turning 65 in this decade (about 285,000) will be greater than the past four decades combined....”  

To help inform friends and others, who may be potential members, about OLLI you can:  

- Tell them about your experiences regarding the great courses and social benefits we enjoy as OLLI members. If you would like to carry some OLLI business cards with you, just stop by the office for a handful;  
- Show them this course guide; it contains great OLLI information and is an impressive representation of the wide variety of OLLI courses offered (or refer them to the website);  
- If you become aware of opportunities for presentations to groups such as senior centers, clubs, company pre-retirement seminars, etc., please notify the OLLI Office for follow up. 

Thanks to all OLLI members for being good OLLI “Ambassadors” to your friends and to the burgeoning number of older adults in Minnesota.  

(Note: Thanks to OLLI members Marv Cofer and Pixie Pixler for this submission to OLLI Llama.)  

Q: I didn’t get an email notice about a class cancellation or change in schedule. What can I do?  
A: We know that can be frustrating. Some ISP’s filter messages coming from our database and automatically treat them as SPAM, sending them to a predetermined folder. Please check all of your folders: spam, junk, social, promotional. Also, be sure to add us to your safe senders list and appropriately check the box—this message is NOT spam, if prompted.  

Q: I haven’t been getting the Up-to-Dater. What can I do?  
A: Call the office to confirm we have the correct email address. Do not use the same email address across another OLLI membership, (spouses, partners, friends). MailChimp treats that as a duplicate address and intentionally sends one email. And, lastly, sometimes members inadvertently touch on the “unsubscribe” link. The office will let you know if you have unsubscribed and a link will be sent to you to resubscribe. Only you can resubscribe yourself.  

Thanks for asking!
Facilities/Host Sites

Remember that OLLI is a guest at course sites. Please honor their policies so that we are invited to return. Please welcome the site guests to OLLI courses—that is part of our agreement with them. To be respectful to the sites’ requests, and fair to other members, please do not attend a course for which you are wait-listed, or not registered, and let us know if you need to drop a course.

Course Allocation Registration

OLLI uses a Course Allocation Registration process to assign member requests to courses on an equal opportunity basis. (A lottery is only run on courses that have more requests than seats available.)

There are three periods to Requesting/Registering for OLLI Courses: Course Request, Allocation, and Additional Registration.

1) Course Request Period
During this period, members decide which courses they want and enter their requests online or by mail. During this period, members are “requesting” the courses they want.

a. Request courses based on your preferences. A first request will be marked as Priority #1; a second request will be Priority #2, and so on. Members can request as many courses as they would like during the Course Request Period.

b. At any time during the Course Request Period, members may change priorities and add requests. To remove a request, you must contact the office by email at olli@umn.edu or phone 612-624-7847.

2) Allocation Period
Allocation is only run on courses that have more requests than seats available. The computer software fills courses according to member requests/priorities. The database is closed during this period to retain the integrity of member requests. During this period members become “registered” in courses. Consequently, members cannot alter their requests during this time.

3) Additional Registration Period
After the Allocation Period is completed and members are registered in courses, members register for as many additional available courses as they wish. A list of courses with seats still available is sent via email through the Up-to-Dater as soon as the Additional Registration Period begins.
